Testcase №6

Step	Action	Result
1	Open https://auto.ria.com/uk/	Site was opened

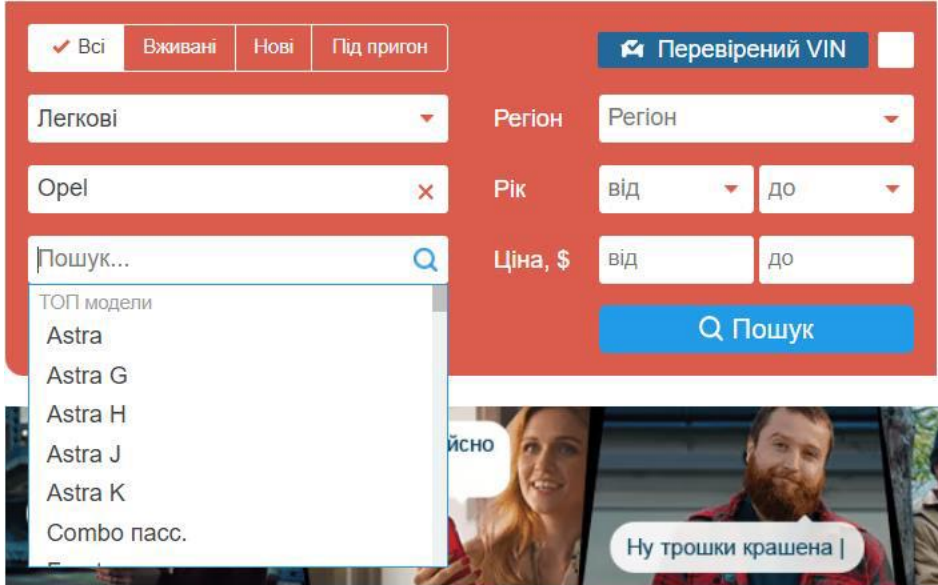

2	<p>Select invalid year range into the search function fields e.g 50000 and 1 e.g 2020 and 1984</p>  <p>The screenshot shows a search form with a red background. At the top, there are filter buttons: 'Всі' (selected), 'Вживані', 'Нові', and 'Під пригон'. To the right is a 'Перевірений VIN' checkbox. The main search fields include 'Легкові' (car type), 'Марка' (brand), 'Модель' (model), 'Регіон' (region), 'Рік' (year) with a range from 2020 to 1984, and 'Ціна, \$' (price) with 'від' (from) and 'до' (to) fields. At the bottom are buttons for 'Розширений пошук' (advanced search) and 'Пошук' (search).</p>	Data were selected
3	<p>Observe the proper reversion of the data by the site</p>  <p>This screenshot is identical to the previous one, but the year range in the 'Рік' field is now from 1984 to 2020, indicating that the site has correctly reversed the invalid input.</p>	Incorrect data automatically became correct
4	<p>Press the 'Пошук' button to start searching</p>	Button was pressed and the search was started

Testcase №7

Step	Action	Result
1	Open https://auto.ria.com/uk/	Site was opened

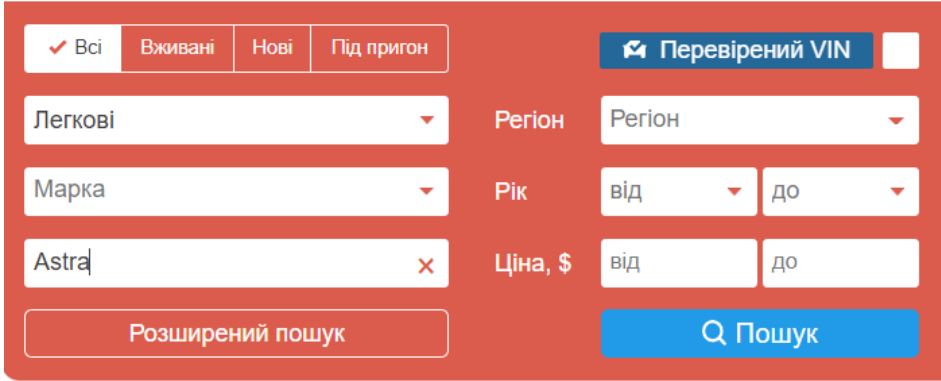

2	<p>Try to select the incorrect car model before the selection of the car brand</p> 	Selection was denied by the site
---	---	----------------------------------

Testcase №8

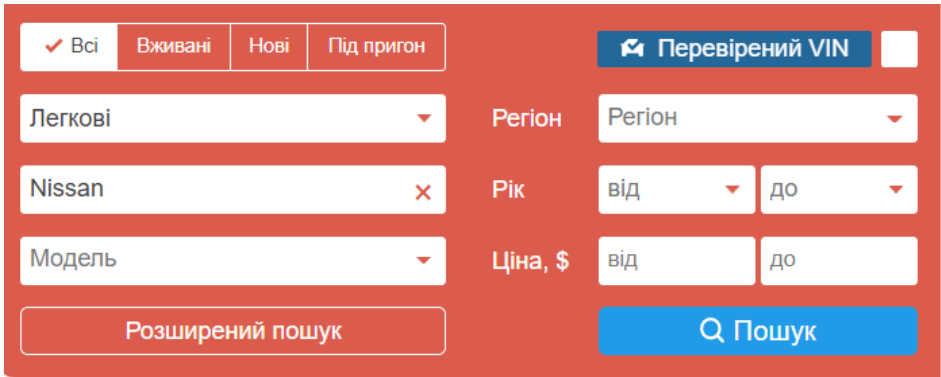

Step	Action	Result
1	Open https://auto.ria.com/uk/	Site was opened
